

Pain

Wears Out the Nerves.
Do you realize that pain is weakening, and exhausts your vitality? Don't you remember how completely worn out you felt after that last attack of headache, neuralgia, backache, periodical or other spell of suffering? Nearly every case of inflammation, apoplexy, paralysis, epilepsy and insanity is directly due to the weakening influence of pain upon the brain nerves? For this reason every one who suffers from pain of any kind should not fail to get relief as quickly as possible.

You can do this by taking **Dr. Miles' Anti-Pain Pills**—others do.

"I have used Dr. Miles' Anti-Pain Pills for years, and can say they have never failed. I always keep them in the house, in fact I had rather be without sugar than the Pills. Previous to using them I had always suffered with sick headache, sometimes being in bed for three and four days. I had tried nearly everything I ever heard of, but after a short time the effect would wear off. It is five years now since I began taking Dr. Miles' Anti-Pain Pills, and the results are as good as at first."

MRS. W. H. MARSHALL, Sopris, Colo.
Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails, he will return your money. 25 doses, 25 cents. Never sold in bulk. Miles Medical Co., Elkhart, Ind.

RUMORS UNFOUNDED

Reports of Trouble in the Fire Department Do Not Pan Out.

Some of the Old Employees Are Reported as Being Slated for Dismissal.

A rumor has been current for the past few days that firemen throughout the city were about to file charges against Chief Mesnar with Mayor Turnbull, but an investigation proved that such is not the case.

"As far as I know," said Mayor Turnbull, "no such steps are contemplated. I believe all the men are satisfied with him. He is surely the right man to have at the head of the department. And he has no small job, either."

It was also reported that a number of men were discontented over the suspension of "Snap" Reigler, who was laid off some time ago for thirty days on charges preferred by his own men, but as far as could be ascertained last evening, the men are of the opinion that his suspension was justified.

"I did not like to lay him off," said Mayor Turnbull, "but I could not do anything else under the circumstances. The evidence adduced at his trial was conclusive that he was guilty of the charges."

"As far as I know there is no charge that can be instituted against Chief Mesnar, though I may be mistaken."

In this connection it is said that before many blue moons there will be a shaking up in the fire department, and a number of old employees will be retired. Not because they have not been faithful to their duty, but owing to the fact that they have become useless and are unfit to perform the services required.

In an interview Mayor Turnbull said that he regretted that such is the case, but it could not be avoided. He has not as yet determined when the change will be made, though it will probably be in the near future.

Said he: "We have men in the fire department who have been in the service so long that they have become utterly useless owing to their age. Not long ago I saw one of them try to turn a old shut-off plug, but was unable to do so. Such men as this are dangerous to have on the force. Human lives very frequently depend upon the firemen, and for this reason we want men—strong men—and hearty, who are not afraid to rush into a burning building to rescue persons who were unable to escape. The man I referred to is certainly unfit to do such a thing."

"I am personally acquainted with nearly all the firemen. They are a set of good fellows, and I am exceedingly sorry that I am obliged to let a few of them go to make places for younger and stronger men."

ON CHARGE OF THEFT

Amos Whitacre Brought to Alliance From Wellsville.

Special to Morning News.
Alliance, O., Nov. 4.—Chief of Police D. D. Howell returned Saturday morning from Wellsville bringing with him Amos Whitacre, who is wanted here to answer a charge of taking \$201 in money, a gold watch and chain and a locket, the property of Edgar Sage, a local machinist. The total value of the articles taken is placed at \$245. The two men boarded together at the home of Mrs. Eyer on Columbia street and Sage had drawn the money from a building and loan association to lend to another party. He placed the money in his trunk and upon returning from work in the evening found that the trunk had been broken into and the valuables stolen. During the day Whitacre had been in the room several times and left without stating where he was going.

Since leaving Alliance Whitacre has been in Cleveland and other places. He denies any knowledge of the theft. The man came here from Salem and has a wife there. Just before his departure from Alliance, he had arranged to go to work as brakeman on the Lake Erie, Alliance & Wheeling railroad.

Great Famine in China.

Shanghai, Nov. 5.—Advices received here indicate that famine conditions of the most desperate nature prevail in the northern part of the great province of Kiang Su, with but one exception the most fertile and valuable of the many provinces of the empire. Ten million of the total population of 21,000,000 in the province are reduced to stern want. Crops are an utter failure and scenes of suffering that rival anything in the empire's history are reported from every point in the region. Food riots which have been reported daily and so far the officials have taken no steps to relieve the distress.

Dr. Joseph P. Hance, of New Philadelphia, O., aged 26 years, son of John Hance, the well known banker, died Saturday of consumption.

CATHOLIC MISSION

Closed For Women Yesterday—For Men This Week.

The week's mission at St. Peter's Catholic church for women, was closed yesterday afternoon.

The mission was brought to a close with the papal blessing, to deem, and benediction. Many were also enrolled in the scapular. Father Schuler, in his sermon gave a short review of the week which he said was most gratifying. The church was filled with women and children. This week will be devoted exclusively to the men and was formally opened with a large attendance Sunday night.

Father Johnson, in a sermon in English explained the mission and its benefits and urged the men to regular attendance until the close. At the same time Father Schuler gave an Italian sermon in the chapel which was well attended.

The following order will be observed throughout the week: First mass at 4:30 o'clock each day. This is one-half hour early than last week to give the men ample time to get to their work; short mission sermon in English at this mass on Monday and Tuesday. At 9 o'clock daily a high mass with a German sermon will be read. To this the ladies are also invited. Several other masses will be read in between but the time has not yet been announced.

Services will be conducted each evening at 7:30 in the church and at the same time there will be an English sermon in the chapel.

WEDDING ANNIVERSARY

Of Popular Alliance Couple Pleasantly Remembered Saturday Night.

Special to Morning News.

Alliance, O., Nov. 4.—Saturday evening fifty-two friends of Captain Arthur Augst, of the Alliance fire department, and his wife, were guests at the Augst home, the occasion being the tenth wedding anniversary of this popular couple. The hours were eight to twelve and passed pleasantly at cards. The prizes were won by R. E. White and Mrs. J. L. Lavar.

For making the best speeches upon the subject, "Married Life," prizes were awarded to Mrs. F. F. Augst and J. O. Ellis. In a contest for the single members of the party upon the subject, "Why I Am Not Married," the prizes were given Ed. H. Klinger and Miss Laura Johns.

Chief W. S. Augst of the city fire department acted as toastmaster during the rendering of the program. In behalf of the friends, Mrs. Anna Cain presented to Captain and Mrs. Augst a number of handsome presents. Refreshments were served during the evening. A number of guests from out of town were present.

Frisco may be nearly all in herself, but she is still able to attend prize fights.

SHOWING FIGHT

The Chicago Railroads Issue a Statement Refuting Claims.

Chicago, Nov. 4.—In denial of the claim that living expenses have increased out of proportion to the wages paid their switchmen, 23 railroads centering in Chicago issued a table today showing, according to their figures, exactly the opposite of what the switchmen contend. The table, computed on the basis of 100 as a comparison, follows:

Year	Average daily wage	Cost of food
1892	99	101.9
1894	99.5	97.8
1898	102.1	98.7
1899	101.6	99.5
1900	102.6	101.1
1901	104.7	105.2
1902	106.8	110.9
1903	113.6	110.3
1904	118.8	111.7
1905	121.0	112.4

"The average switchman's pay is close to \$900 yearly," says Slason Thompson, speaking for the railroads. "Under the present scale many of them receive \$100 to \$110 a month. The demand for an eight-hour day is really a demand for more money. If they were asked to work but eight hours they would put in ten or twelve just the same. More pay for as many hours as they are willing to work is what they want."

A "JACK THE PEEPER"

A "Jack-the-Peeper" was in evidence in Canton Saturday night, and had he been caught he would have received rough treatment.

About 10 o'clock on that night while a young lady was preparing to retire at her home on North Cleveland avenue she heard an unusual noise about one of the windows. On investigating she found a man "peeping" through the blinds. A loud scream brought several members of the family to her assistance, but before they had time to get out of the house "Jack" had made good his escape.

Over on Louis avenue another young lady had the same experience and a number of residents of that vicinity were greatly excited. It was fortunate for "Jack" that he made his escape for had he been captured he would have been treated to a load of buckshot. The father of the young lady swore that if he had seen him he would have taught him a lesson that he would not forget for some time to come.
